Municipal Legislative Review – Bill 68

✓ Key AMCTO Recommendations Adopted:

- A clear definition of a “meeting”,
- Adoption of Codes of Conduct for council and staff
- Endorsed MFOA Recommendations:
 - Movement on tax collection, prudent investor status etc.

AMCTO Response to Bill 68

1. Include principles for how Integrity Commissioners conduct their duties (and investigations) either in the legislation or in a separate regulation
2. Remove the provisions from Bill 68 that would allow an integrity commissioner to launch an investigation on their “own initiative”
3. Remove closed meeting exception “k” from the list of added circumstances in section 239 where councils can move into closed session
4. Keep the current date for starting a new session of council as December 1st
5. Establish a lengthy transition period before Bill 68 is proclaimed
