Moving Mountains, Changing Landscapes

We are proud to invite you to register for our **86th annual conference** taking place **June 9-12, 2024**, in the Blue Mountains.

Join us for the sector's premier networking event where you'll have the opportunity to learn from peers and industry experts across four different learning streams, build meaningful connections with professionals from across the province, gain tips and advice on new tools and technologies from the sector's top service suppliers, and more.

This year's conference theme – *Moving Mountains, Changing Landscapes* - invites participants to explore municipal best and promising practices, adaptability when it comes to needing to do more with less, and how sector and legislative changes are contributing to an ever-evolving municipal environment.

Top Reasons Why You Need to Attend:

Build and expand your network
Network and connect with over 500 municipal professionals, sponsors and exhibitors from across the province and beyond.

Learn from peers and industry experts
Access over 20 educational sessions and role-specific facilitated networking sessions, two world-renowned keynote speakers, plus hear updates from AMCTO and special guests.

Invest in your team's professional development
Advance your team's skills and knowledge with hands-on tools and resources you can implement right away.

Be on top of your game
Discover new strategies and solutions to tackle current sector challenges and stay ahead of the curve on emerging issues, trends and changes.

Join us and over 500 municipal sector professionals for four days of networking, learning and professional development.

Registration is now open - don't miss out!
